SUBMISSION OF REPLACEMENT DRAWING

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This will respond to the Notice Regarding Drawings mailed August 3, 2005, issued in the subject allowed application in which the final fee was paid on July 26, 2005.

In a telephone conversation with the reviewer executing the Notice of Draftsperson's Patent Drawing Review, it was learned that the objections under paragraphs 3 and 10 both concern faint circles and markings involving the indicia 7g and 7a appearing solely on Fig. 17 of the drawings. Applicant has amended Fig. 17 so that the indicia 7g and 7a together with their lead lines are deleted.

The undersigned attorney for applicant was advised by the drawing reviewer that approval of the examiner is necessary to delete drawing numerals or other indicia. This matter was taken up with the examiner in charge of the instant application, Mr. Blair Johnson. In a phone conversation on August 22, 2005, Mr. Johnson approved the deletion of numerals 7g and 7a in Fig. 17, inasmuch as those identifying indicia are not contained in the specification and do not otherwise appear in the application.

A corrected Replacement Drawing, sheet 18 of 24 sheets, containing revised Fig. 17 is enclosed herewith.

Should there be any remaining question regarding the drawings, the undersigned attorney would appreciate being directly contacted at the below-stated phone number so that the matter can be promptly resolved.

Respectfully submitted,

Phillip L. Kenner, Reg. No. 22,353
